

May 2007

Dear Friend:

We invite you to participate with us in our Hyrum Star Spangled Week for 2007. Particularly, we would enjoy having you as a part of our parade on Wednesday, July 4th, at Noon. (If you are no longer involved with the parade entry, please forward this application to the appropriate person)

Please complete the following application for your entry in our parade, and return it to the Hyrum City Offices, 83 West Main, Hyrum, UT. 84319, by June 30th. This will allow us sufficient time to organize the parade. The type of entry will determine locations for line-up in this year's parade. Motorized entries will be at Mountain Crest parking lot (these entries will drive west on 300 South, turn right on 700 East, and join the parade at Main Street). Dance & marching groups (not riding on trucks) will be at the soccer field parking lot (between 100 & 200 South on 700 East). Horse groups will be at the rodeo ground parking lot. **PLEASE return your entry form promptly so the line-up information can be returned to your group.**

There will be NO discharging of firearms of any type in the parade, during the parade, or on the parade route. In addition, no water guns, cannons, or hoses will be allowed.

We encourage you to use a patriotic theme. Incorporate your company information with a patriotic theme, not just a vehicle.

If we do not receive your parade application prior to the parade, you entry will be assigned on a random basis. **If you need additional information, please contact Curtiss Parkinson at 245-3966.**

If you plan to throw candy, you must throw it past the curb to assure that the candy is not in the street where children might be hurt.

We appreciate your prompt response as well as your participation with us in our Star Spangled Parade.
