

Here's the mission and vision statements based off the visioning activities performed with both the Hyrum City Council and Museum Advisory Board. It was officially adopted by the board on October 8, 2018.

Mission: The Hyrum City Museum creates and maintains interpretive exhibits, provides educational activities, and actively collects and cares for artifacts and historical materials to provide a resource for visitors to make connections with local heritage and our community.

Vision: To provide an inviting space for all visitors to feel a sense of belonging by learning, interacting, and engaging with local heritage and one another that is sustainable and employs museum best practices.

Please reference the handout from the visioning activity if needed to refresh the purpose and objective of these statements.
