Mayors Message – It's great to have spring return. The sunshine, green grass, leaves coming out on the trees, and color of flowers give a sense of renewal after a long winter. It's also time that our residents begin using the secondary pressurized irrigation system to keep their yards watered.

The pressurized irrigation system was put in place to utilize the existing water supply in the best way possible. To conserve water yet provide over 2,100 homes and properties within Hyrum an adequate supply. We have recently put in pumps in the Highline & Little Feeder connections to access water shares the city owns but has not been able to put into the system. We also are able to add around a million gallons of treated wastewater to the system daily. We have several wells that can be used to supplement the water system if needed. We have started to enlarge the irrigation ponds to increase the capacity of water it can hold.

Here are some things to remember. Irrigation water comes out of canals and is not suitable for drinking or to fill swimming pools. Lawns do not need to be watered every day. There may be times when you may be asked to limit your use of the water. Possibly if we are in a drought year or because we share the canals with agriculture and we occasionally have to wait our turn to bring our water shares down the canal to fill the pond.

We have an adequate water supply for years to come thanks to the foresight of past and current leaders. One more reason I love living in Hyrum.

Sincerely,
Mayor Stephanie Miller

Museum News - The Hyrum Historic Preservation Commission is pleased to host guided tours of Historic Hyrum on Saturday, May 12th. Join us for a riding tour as guides share historic photos and interesting facts about many of Hyrum's historic sites and structures. Tours depart from the Hyrum Museum at 11:00 a.m. and 1:00 p.m. Visit the museum, email museum@hyrumcity.com, or call 245-0208 to reserve your seat.

May's Back in Time children's activity, Red Poppies will be on May 22nd, 23rd, and 24th from 1:00-1:30 p.m. each day. Children will learn about the history of Memorial Day and the traditions that accompany it through a fun art activity and treat. Sign-up today!

The museum will be open special hours for Memorial Day on Monday, May 28th from 10:00 a.m.--1:00 p.m. Visiting the museum is a great way to connect with your past on a day we honor those who have gone before us. Be sure to so bring your family and friends---especially if they are visiting from out of town.

Finally, be sure to save the date for the museum's sixth annual car show fundraiser Hot Wheels and Hot Dogs on Saturday, June 2nd. Vehicle entrants can pre-register now at the museum or at www.hyrumcitymuseum.org. We already have a bunch of great prizes and sponsors, the food and vendors will be awesome, and we will be kicking off our Passport to Summer Fun

Program. Vendor booths are available for \$40, reserve yours by Saturday, May 19th. This is a super community event PLUS it sustains the museum's ability to provide new resources to the community.

Library News – Library hours Monday thru Friday 10:00 a.m. – 7:00 p.m., and Saturday 10:00 a.m. – 3:00 p.m. The library will be closed Monday, May 28th.

We are busily planning and preparing for summer reading. The theme for this year is “Libraries Rock”, mark your calendars, the library kickoff party is June 4th.

Teen Maker Activity: (for ages 12-18) May 11th at the Elite Hall, 3:00 – 5:00 p.m.

Here are a few ways you can help the library:

*Ridley's Hometown Advantage Program is a great fundraiser for the library. Simply sign up to donate the points you earn each time you shop at Ridley's. Each quarter the library receives a much welcomed donation from Ridley's Family Markets. You can choose to donate any or all of your points available.

Here is how to donate:

1. Call Ridley's Advantage Program at 208-324-4633 ext. 10118.
2. Log into your Advantage Card at www.shopridleys.com
3. Stop at the customer service desk at Ridley's and request a form.
4. Fill out a donation form at the Hyrum Library.

*A brick is always a great way to remember someone. We are super close to finishing our 2nd donor wall. Bricks sell for \$100 and you can add the inscription of your choice.

Like us on Facebook, Instagram and Goodreads @hyrumlibrary. Social media is where you will find up-to-date information on programs and so much more about the library. Also, visit www.hyrumlibrary.com and sign-up for your online library account today.

Storm Water - When it Rains... It Drains! Here are ten simple things every homeowner can do to help reduce the amount of pollutants that are carried into streams, lakes and rivers.

1. Never dump anything down a storm drain or drainage ditch.
2. Properly dispose of all trash, rubbish and garbage.
3. Place cigarette butts in the proper receptacle. Don't throw them on the ground.
4. Recycle used motor oil. Whatever you do. Never dump motor oil, gasoline, or solvents down a storm drain.
5. Wash your car on the grass, or take it to a commercial car wash. Your car has oils & greases that wash off and then flow into the storm drains, polluting the nearby waterbody.
6. Clean up after your pet.
7. Use fertilizers and pesticides only when needed. Fertilizers promote algae growth in our waterways. When using fertilizers, follow application instructions.
8. Compost yard & grass clippings. Don't allow your grass clippings to blow into the street, or curb.
9. Check your vehicles for leaks and repair them!
10. Tell a friend or neighbor about how to prevent storm water pollution.
