

ELECTRONIC SIGN PERMIT
HYRUM CITY
675 EAST MAIN STREET
PLANNING COMMISSION MEETING
JANUARY 9, 2020

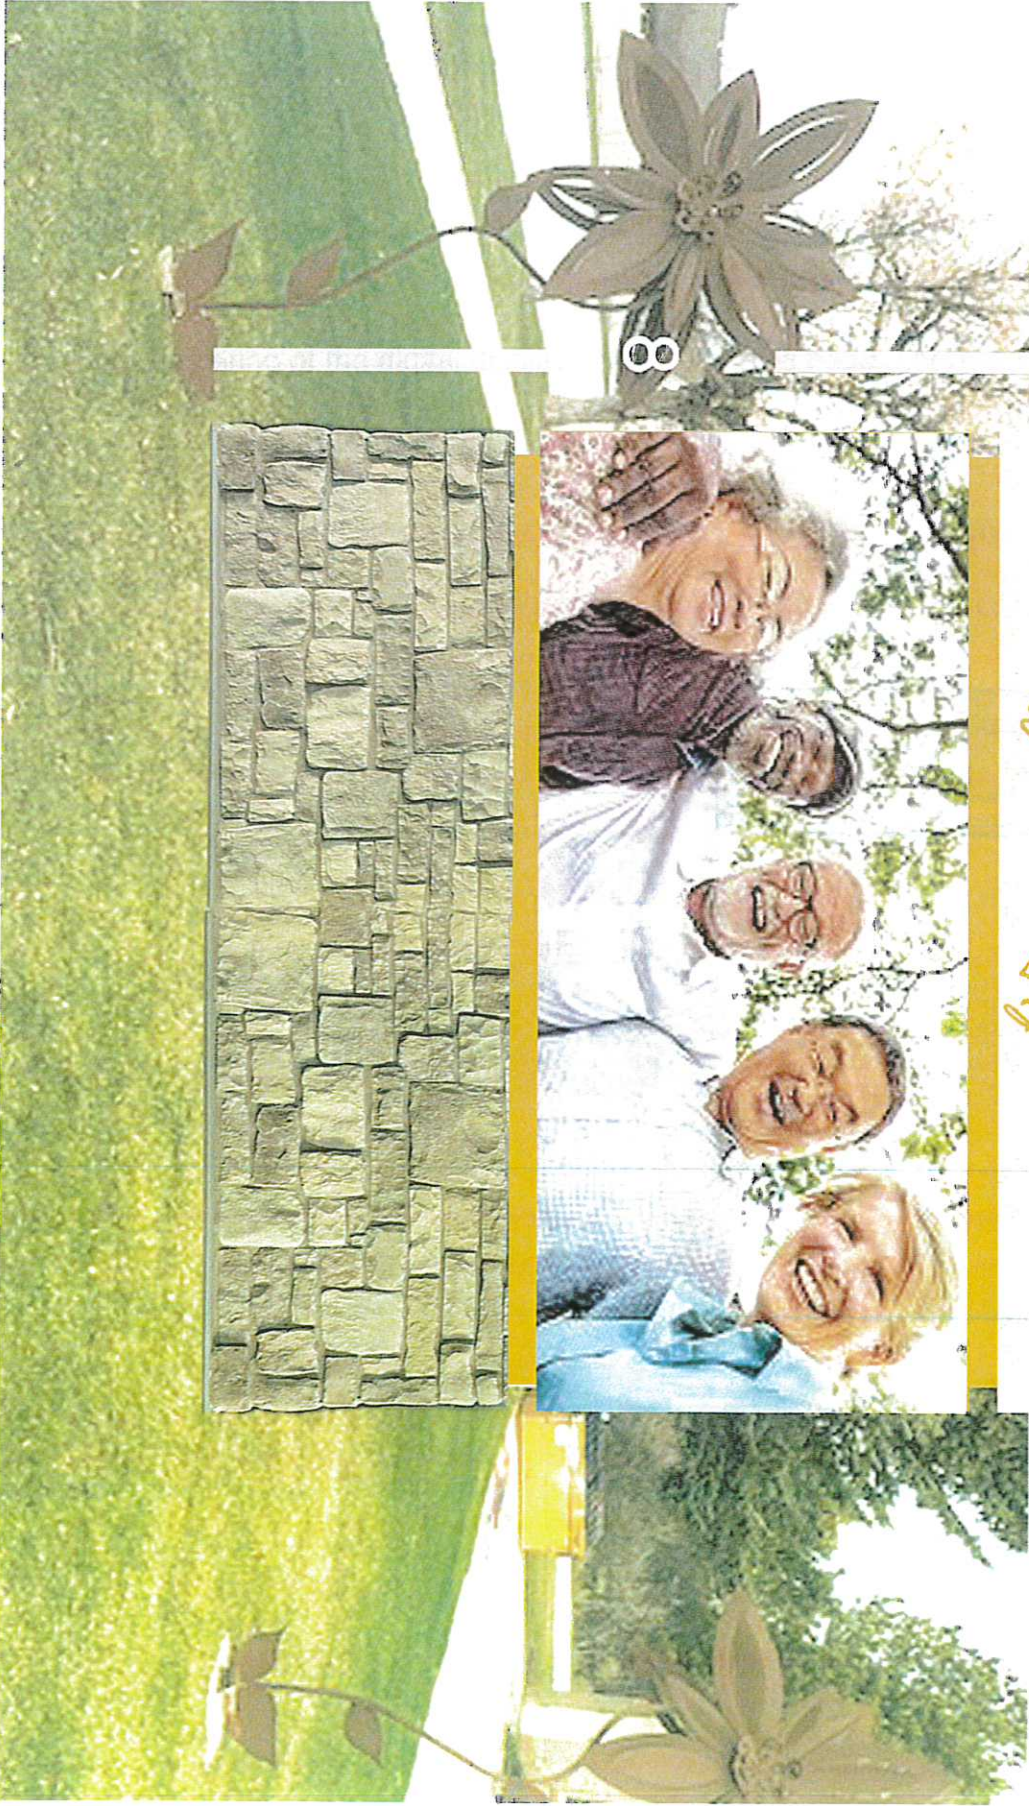

Hyrum City is proposing to add an electronic messaging sign to the south side of the Senior Center. The electronic portion of it will be 44.1" X 101". It will be a monument type and will replace the existing original sign at this location. The sign has programming to allow it to auto-dim as needed. Also, this sign would be set to shut off during most of the night so as not to affect neighboring properties. This sign would be used as an informative board to provide information on City & general interest events, along with other miscellaneous news items etc.
